## **NSPMA**

**136 Everett Road**

**Albany, NY 12205**

## **INDIVIDUAL MEMBERSHIP**

Individuals can become members as they have in the past either by registering for the conference or submitting a membership only application to NSPMA.

The cost of such membership remains \$50 for this year.

## **GROUP MEMBERSHIP**

The **new avenues** to membership are through the school district or through the state associations.

A district can elect to become a member for \$75. This would entitle the district to designate three individuals who work for the district as representatives of the district. If a district wants to designate more than three individuals, they may do so at a cost of \$25 each.

The **second new path** is through the **state associations**.

A state association can elect to have all of their members be members of NSPMA. At this time Arkansas, Kentucky, South Carolina, and Louisiana state associations have elected to have all of their members be members of NSPMA.

250-499 Members: \$1000      500-749 Members: \$1500      750-999 Members: \$2000.

Members from either of these new paths will be allowed to register for the annual conference at a reduced rate.
