

# NSPMA

## The National School Plant Management

**Association** is a professional organization whose purpose is to be a source of information on emerging facility management issues and legislation, provide professional development, organizational benchmarking, and serve as a network for K-12 facility leaders across the country.

- National, Regional, State meetings & collaboration
- Networking with other professional organizations for professional development opportunities
- Annual educational conference and training
- Partnership with national associations and recognizing school divisions for maintenance excellence through our highly recognized Facility Masters Award
- Thousands of dollars in scholarships given yearly to support the education of youth pursuing careers in operations
- The establishment of an interactive website [www.nspma.org](http://www.nspma.org) that contains links to sources of school facility information to include our Constitution and Bylaws, Executive Board , and applications for awards
- Association Newsletter highlighting current events and topics and notices of individual state contacts and conferences

**FACILITY MASTERS**  
ACHIEVING EXCELLENCE
